Subject Updated HPV Submission - ADPODS Category (CAS# 147732-60-3 and 65 143-89-7)

Enclosed please find revised dossiers for Dowfax C6L (CAS# 147732-60-3) and Dowfax 8390-D (CAS# 65143-89-7) which are part of the Alkyl Diphenyl Oxide Disulfonates (ADPODS) Category for the HPV Challenge Program. The developmental toxicity/reproduction studies for these two materials have been completed, robust summaries developed and included in the attached documents. Documents are Adobe Acrobat (pdf) files..

If you should have any questions please contact Connie Deford or myself.
Thank you.
